EMISSIONS ARE EVERYWHERE.
OUR SOLUTIONS ARE TOO.

Tenneco keeps you ahead of emissions control challenges with a complete suite of technologies for any vehicle or engine size. We're the best-choice partner for commercial vehicle exhaust management and can supply complete turnkey SCR systems, including canning, fluid delivery, injection, mixing, electronics, software and diagnostics. Our engineers develop the most efficient, cost-effective solutions for any application or regulatory requirement.

Give us a challenge.
It's what fuels us.
